PROGRAMME SPECIFIC OUTCOMES: 2018-2019

1. As many Indian Universities and Colleges have introduced Teaching of English as a Second Language, our College has also been executed the language to enhance the learning skill of the students. Accordingly the language has an immense impact in the overall development of the students as well as teachers.
2. Both the teachers and students are made to learn that English is a global language with which one can stand in the line of invention and achievement.
3. Language is usually thought of as a means of communication. Feelings, moods, thoughts, ideas, information and experiences may be communicated by means of language.
4. Students and teachers are trained to know that there are two types of languages—Artificial language and Natural language. Language is a system which has four skills—Listening, Speaking, Reading and writing skills.
5. Students will be able to Ask and answer to the questions as who, what, where, when, why, who, whom, which and how to demonstrate and understanding the key details in a text.
6. English language has an immense impact on the students learning level
7. As a secondary Language English has sensitized the students to understand the nature and to build academic vocabulary about the poetry, prose, novel, fiction, drama, criticism, and so, on.
8. Language has created awareness among the student and teachers about the communicative skills in the competitive world.
9. English language has opened its door of knowledge to the students to write competitive examinations at different levels.
10. The language is a mode of communication in business and in one's own daily life.
11. English language is made a mandatory subject to learn all kinds of communicative writings in the form of Letter writing, Report writing, Job application, Complaint letters, sales letters, Enquiry letters, etc., in the same way students will be able to write well in the examinations, face different interviews and get jobs as on their intellectual ability.
12. As a means of Communication English language has reduced the geographical distances into a stored form. with the help of English language the students are confident to face the different challenges ahead at National and International level.
